## **Notes**

Other Equipment

- 1. Be sure to mark everything you want to keep with your name, call, and phone number. Email address would be nice, too.
- 2. Obviously, not everyone needs every item on this list. It was designed to be overkill. Conversely, your station may need items not on this list. Use your judgement!
- 3. "Favorite Beverages" may be limited by Site rules. Check with the FD site captain for specifics.
- 4. Each operator \*should\* provide their own headphones. Contact the station captain for specific information (connection, etc.)
- 5. Personal Support Equipment is for captains, ops, and non-ops alike.
